New York, February 5.—Cotton dull and somewhat heavy. Sales to spinners 504 bales; for speculation 105; export 490;

Business was moderately active today, and in the absence of arrivals
from above, chiefly confined to local
orders and those going out by the residual corrections of the part of the par orders and those going out by the regular Saturday packets. Scarcity of river tournage and inability to ship cotton and other freights Southward bound and now at the wharf has been a subject of general remark for several asys. A sufficiency of cotton has accomplished at the wharf to load one of the percent payable as follows:

Trick and a first provided in market was quiet and a series of activity provided. Exchange was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and in active demand it will be allowed in be linding was series and the property of the property of the series was a series of the linding was active and the property of the series constructed. The cotton has been tions and tempers of its victims. The dyspiled up four or five tiers high, so as peptic becomes, too, in a measure, demoral-

JAMES HENNESSY,

ENDERS'

Valuable Remedies!

ENDERS' CHILL CURE

DY the use of Enders' Chill Cure the cause and result of Chills are not only entirely a cradicated from the system; but if the directions are carefully followed, we will guarantee them not to return, and leave the patient in a better condition than before its me. It is purely a vegetable compound, and contains no quinine or arsente. It preserves the vigor of the digestive organs and regulates the secretions, acts specially on the liver. Stamuch and Spieen—the organs chiefly affected in chills. As a liver medicine, it is secand to none, and for ague Cake it invariably restores the Spieen to its original size, by exciting its secretion to a healthy action and restoring it to perfect health.

The tasts of Enders' Chill Cure is the most pleasant of medicines, and children take it as freely as water. Medicines generally impair the organs, but Enders' Chill Care builds up. It is not only a Chill Cure, but it also a spiendid Tanle and Alterative. It cures this by first removing the cause, and the Liver is the great organ affected. Enders' Chill Cure, we claim to be the greatest remody of the age, and challenge the world to produce a rantedy that has given more universal satisfaction in so short a time. If the directions are carefully followed, it invariably cures; and to any responsible person, who will give it a fair trial, should it fall, we will cheers' Chill Cure is no quark remedy; the inventor is a regular graduate physicina, and his diploma hangs in his office. A dose taken once a day during the chill season will be a perfect safernard against chills and every family living in a malarious community ought to keep a bottle in their house. To sum up in a sew words: We have yet to hear of the first case of its failure to cure, and we can safely say to the public that it is the greatest remedy of the age.

ENDERS' STOMACH BITTERS, The most popular Bitters now in use. It cures Kidney Disease, restores strength and appetite, makes new blood, builds up weak and enfecbled frame. For female weakness it is unsur-
